FOREWORD

This most genuine dispersal sale of the NMR recorded herd on behalf of the Shuker family results from the family's decision to cease farming.

The sale comprises 125 Cows and Heifers In-milk and In-calf together with 12 In-calf Heifers all of which are predominantly In-calf to the B/W or the Simmental bulls Higherem Ian or Higherem Harvey bred by the Mellors of Hazelgrove.

Generations of Shukers have farmed at Elnor Lane Farm with the herd being established along Holstein Friesian grounds with a number of successful crosses being introduced latterly including Brown Swiss, Shorthorn and Ayrshire.

The result is a herd that lasts and these cows will undoubtedly go on and improve on kinder farms.

The herd is cubicle housed and milked via a herringbone parlour with management based on maize and grass silage fed on a TMR basis with concentrates fed in the parlour. The herd average is currently running at **7400kg** with the latest bulk sample showing a superb quality of **4.20%F 3.40%P cc167**. The herd is currently averaging **24.9kg daily**.

This is a most genuine dispersal sale that can be thoroughly recommended to commercial buyers with attendance at Leek thoroughly recommended.
