FOREWORD

This genuine sale of 26 Holstein Friesians on behalf of the Wild family results from a sudden bereavement in the family.

The herd is cubicle housed and milked via a herringbone with management based on a low input system of grass silage and straw with concentrates fed in the parlour.

The latest bulk sample shows an excellent average of **4.26%F 3.16%P cc150**.

The herd is on yearly TB tests.
