FOREWORD

This most genuine dispersal of the entire high yielding **INKERSALL** Herd on behalf of the Crooks family results from their decision to cease dairy farming at Inkersall Farm.

The sale comprises 129 Cows and Heifers In-milk and In-calf, 41 In-calf Heifers and 74 Youngstock together with a very stylish pedigree Holstein bull.

The Crooks family have milked cows for nearly 50 years with the Inkersall prefix having being established back in 1975 by Ivan and Margaret. Some very choice purchases of families have created the backbone of the herd today most notably the Iloa Rolls from Bilsrow and the Pel Eva's from Winton. The family consider Bilsrow Astre Iloa VG89 19 stars to be the absolute matriarch of the herd and rightly so with 63 descendants selling, 36 of which are production animals which impressively comprise 6 EX, 11 VG and 7 GP Heifers. Other families of note include the Nannettes from Gornal and Grove and the Dori's descending from the famous Dancer family from Wilsondale.

Superb type is being maintained with the herd boasting 16 Excellent, 43 Very Good & 52 Good Plus animals with a recent classification producing an impressive 9 VG heifers, which are pictured on the back cover, a real picture.

Married with this is outstanding production, the herd having been one of the highest yielding in Derbyshire for some time. Averaging just short of 10,000kg on twice a day the latest milk recording shows an incredible daily average of 35kg. The family have also maintained a cell count average of below 100 for over three decades which is no mean feat. The official NMR average is currently running at

9899kg 3.99%F 3.17%P cc52

With the latest Bulk Sample running at 4.15%F 3.23%P cc51

Longstanding stalwarts of the Derbyshire Holstein Club they have achieved numerous successes over the years which includes winning the Herds competition 3 times over.

Herd health is also a top priority, vaccinated for IBR, the herd is BVD free and also tag and tested. Monitored for leptospirosis and johnes, the herd is screened every 3 months for johnes under the NMR scheme.

The herd is cubicle housed (**purchasers should also note that all youngstock when aged 6-12mths are housed in cubicles**) and milked via a herringbone with management based on grass silage fed on a TMR basis with concentrates fed in the parlour.

This is a truly fantastic herd of cows with everything to offer, good breeding, superb type, high milk production and sound herd health. Attendance is an absolute must for both pedigree and commercial producers. Put the date Thursday 9th September in the diary!

PURCHASERS - A NOTE FROM THE VENDORS

Some heifers have been served to a Piemontese bull (pictured) which we firmly believe is the best beef breed to run with Holstein heifers in terms of easy calving. On and off for over 30 years we have had several different bulls all of which been successful. We have tried Herefords, Angus and Lincoln Red all of which produced bigger calves with more bone and bigger heads. The Piemontese calves start life slim and lively but at approximately 3 months old start to muscle up and are a similar shape to a Limousin without the bad temperament. All in all its a breed that has been missed by the UK dairy and beef industries.

Pedigree Piemontese Bull

GENERAL NOTES

Directions to Leek Market

From Leek Town Centre take the A520 Cheddleton Road. At the first set of traffic lights turn right into Junction Road. Proceed through the houses and the entrance to the Market lies on the left hand side just before the "Pride of the Moorlands" Public House.

The Market is clearly sign posted on the A53 Newcastle to Leek Road and the A520 Leek to Cheddleton Road.

Method of Sale

All animals will be sold in the guinea and settlement of all accounts shall be made in full immediately at the close of sale. The herd will be sold under Holstein UK Rules a copy of which can be obtained from the Auctioneers.

Refreshments

Refreshments will be available from the Leek Market Cafeteria.

Cheques/Payment

Intending Purchasers not known to the Auctioneers must produce, prior to bidding, an acceptable Banker's Reference. Under new regulations introduced by the Banks, such references are now obtainable by the Bank's customers themselves and have to be obtained by them direct from their Bank. **Unless an acceptable Banker's Reference is produced Payment is strictly Cash or electronic transfer.**

The Auctioneers reserve the right to refuse the bid of any potential unknown customer.

On-line Bidding

On-line bidding is available through the Leek Auctions platform. Please visit www.leekauctions.co.uk and follow the registration button on the on-line sales page. All prospective purchasers must register at least 24 hours prior to sale and should note that:-

*** ALL ANIMALS PURCHASED MUST BE PAID FOR ON AND REMOVED FROM THE MARKET ON SALE DAY***

Current Lactation Yields

Those appearing within this catalogue have been calculated up to 24th August 2021. Any further Up-to-date relevant information will be announced from the Auctioneers Rostrum.

Health Status

The herd passed its last TB test on the 19th July 2021 and is on yearly tests.

The Herd is IBR Vaccinated, BVD free and tag and tested and monitored for Leptospirosis and Johnes.

Dry Cows

All Dry Cows have been tubed with Ubrostar Red and Orbeseal.

Order of Sale

The sale will commence after the sale at 11am prompt.
