FOREWORD

This most genuine dispersal sale of the entire milking herd on behalf of the Brunt family sadly results from the loss of Stephen just before Christmas.

Many will know the family who have an outstanding reputation within the local agricultural community for their high level of farming. Fred and Stephen along with Jim have been regular attendees at market where they have always purchased first quality heifers, both having a superb eye for a quality.

The sale comprises 93 Cows and Heifers In-milk and In-calf with many in the sale being red and whites.

The herd is cubicle housed and milked via a herringbone with management based on grass silage and pulp with concentrates fed in the parlour. The latest milk recording shows an annual average of:

7213kg 4.22%F 3.32%P cc184

This is a most genuine dispersal sale of a lovely herd of cows that is only taking place due to very sad circumstances. Attendance and inspection can be thoroughly recommended on Tuesday 8th March.
