## SPECIAL ENTRY

This Special Entry on behalf of Phillip Brocklehurst results from his decision to cease dairy farming this year, this entry being the first consignment from the herd.

Those that know Phillip will appreciate how much of a perfectionist he is and this is reflected totally in his high management levels and his cows today. This is substantiated by his extensive wins within the Cheshire Farms Herds Competitions which includes winning the small herds section in 2017, 2019 and 2021.

The entry forward are absolute power houses, displaying superb udders and feet and milking for fun with most giving 40-56kg. A good proportion are pedigree from the Woolrow Herd of Messrs Hall at Huddersfield where Phillip in most recent years has sourced all of his heifer replacements.

The herd is cubicle housed and milked through an abreast parlour with management based on maize and grass silage with concentrates fed in the parlour.

Fully vaccinated for Leptospirosis, IBR and BVD, the herd is also Johnes monitored.

These cows are pure milk machines with the Annual Average currently running at 10361kg 4.24%F 3.30%P cc76.
