FOREWORD

This most genuine dispersal of the entire high yielding Herd on behalf of the Hall family results from their decision to cease dairy farming at Dove Fields.

The sale comprises 201 Cows and Heifers In-milk and In-calf, 89 In-calf and served Heifers and 146 Youngstock.

The Hall family have milked at Dove Fields since 1932 and have developed an excellent herd of cows where type is consistent throughout. Cows are strong and deep bodied, with good feet.

Breeding policy has always been to use good nominated bulls with superb advice in the latter years coming from Genus's Richard Scott. The result is a really good herd of cows of high genetic merit. The youngstock in particular are looking well, not least because of the superb rearing abilities of the family.

Married with this outstanding type we have great production and milk quality. Nigel Tilforth has been the families cowman for over 13 years and has been outstanding with regard to milk hygiene, consistently maintaining low cell counts throughout the milking herd. Although the herd is not officially milk recorded Ben and Nigel have always used a comprehensive computer package to monitor yields with the daily average currently running at 31.4kg. Costings regularly undertaken by Simon Little of NWF show an average of

8800kg 4.02%F 3.31%P cc140

The bulk sample average for April from their dairy shows

4.01%F 3.35%P cc115

The herd is cubicle housed and milked via a herringbone parlour with management based on maize and grass silage fed on a TMR basis with grains and straights and concentrates fed in the parlour.

This is a truly fantastic herd of cows with everything to offer, good breeding, superb type, high milk production and sound herd health. Attendance is an absolute must for all producers. Put the date Friday 3rd June in the diary! Make it a right royal occasion and put a Queen in your parlour. you will not forget the date when you bought her!

VETS NOTE

I have been extremely proud and fortunate to work with the Hall family and their team over the last 15 years performing weekly fertility visits and advising on all aspects of animal health.

The dairy herd are housed on cubicles/mattress/sawdust/slats and milked twice daily through a herringbone parlour.

The herd benefits from BVD and Leptospirosis free status. IBR monitored and twice yearly 30 cow Johnes screening.

Dry cows receive Cepravin DCT and Orbeseal at dry off alongside a therapeutic foot trim and are vaccinated with Rotacorona vaccine.

The widespread use of sexed semen and meticulous efforts of the calf rearing team mean that there is a plentiful supply of high quality genetic heifers available for sale. The current in calf heifers have been served with sexed semen and then covered by the Holstein stock bull Royan Prince. The heifers have had very few calving problems despite calving down on average at 24 months with this protocol. All heifers receive an oral magnet on entering the dairy herd.

I am more than happy to discuss any aspects of herd health with prospective buyers, should you have any further questions.

GENERAL NOTES

Situation

Dove Fields has excellent national road access and lies only ½ mile from the A50 main Stoke/Derby dual carriageway. There are very good road networks via the M1 and M6 and purchasers from the north and south should appreciate how easy it is to get to the sale.

From Derby pick up the A50 dual carriageway to Stoke on Trent and after only approximately 6 ½ miles from leaving the A38/A50 link at Toyota Island reach the main Sudbury Island. Travel south on the A515 sign posted Lichfield and Draycott in the Clay and after only 2/3 of a mile reach the River Dove Bridge and traffic lights. Travel over the Dove Bridge and after only 200 yards turn first right into the main drive for the farm.

From Uttoxeter and Stoke on Trent at the main Uttoxeter roundabout pick up the A50 towards Derby and travel up Red Hill on the dual carriageway for approximately 4 miles. On reaching the main Sudbury Roundabout take the A515 south towards Lichfield and Draycott in the Clay with Dovefields lying on the right only 200 yards after travelling over the River Dove Bridge.

'To the Sale' and 'Car Park' signs will be erected on the morning of the sale.

Please refer to the location map within the catalogue.

Car Park - As sign posted on the sale day.

Post Code - DE6 5GX
