FOREWORD

The dispersal sale at Whitacre Hall arises as a result of a full change in the arable operations as now all arable work is under a contract farming agreement.

The family have farmed the holding since 1959 and many of the items including the New Holland Tractor, Mobile Grain Dryer, AS Marston Trailer and Dowdeswell Plough have been owned from new.

In addition to the arable enterprise on the holding the Pickworth family have now diversified into tearooms and country walk activities.

Several local vendors have also included items within the sale and buyers should attend and bid with confidence.

Health & Safety at Work Act 1974

It is expressly brought to the bidders attention that at the time of sale, items of plant, machinery and equipment may not necessarily comply with the requirements of the Health & Safety at Work Act 1974, and its' associated regulations, governing the use of plant, machinery, and equipment at work.

Whilst Bagshaws take all reasonable steps to ensure the integrity of sale items, or make bidders aware of any known defects, anyone purchasing an item must ensure it is safe, and complies with all relevant regulatory requirements, before it is used in a work environment.
