

Market Report

Bakewell Market

MONDAY 12th SEPTEMBER 2022

An exceedingly busy market with 982 cattle and 1,807 sheep on offer consigned by 284 vendors. Numbers possibly boosted by uncertainty about next week.

To clarify the matter, Bagshaws have taken the decision to close the market on Monday 19th September the days of the Queen's funeral as a mark of respect. There will, however, be a market on Tuesday 20th September and because of the short notice, it is hoped that there will be reasonable entries at the Tuesday market.

There was a bumper entry of 573 store & breeding cattle with a string trade from start to finish. The stronger cattle were in particular demand with superb results for both individuals and bunches.

Steers reached £1640 to average £1038, despite the entry including a proportion of reared calves. Heifers topped at £1,500 and feeding bulls £1,200.

There were 173 finished cattle forward and a solid trade throughout. Top figures 316p/kg and £2,053 per head.

The 46 steers averaged 249.1p and the 79 heifers 237.3p indicating the level of prices. Vendors clearly anxious to avoid passengers for the winter were off loading OTM cattle because there were 157 on sale, despite the numbers trade was strong with top figures 236p and £2,116 with the average 174.0p much the same as we have seen for several weeks.

76 calves this week and obviously wanted with bulls to £420 and heifers £300.

In the sheep section there were 1,226 lambs with top figures 258p and £132 per head. The SQQ average was respectable 234.3p.

In the cull sheep department there was a substantial entry of 581 with ewes to £179 and the average £88.95.

News from the Peak Farmers Group

Our next event 'Pasture for Profit' will take place on Wednesday 28th September from 11am to 2.30pm at Sittinglow Farm, Doveholes, Buxton, SK17 8DN by kind permission of the Buckley family.

This will be a farm walk with speakers including Rob Massey of PastureTec Ltd and Sean Chubb of the Livestock Improvement Corporation.

Hear from our experts who will be sharing knowledge and advice on post drought grassland and crop management as well as the practicalities of establishing a rotational grazing system.

We will also be finding out more about pasture utilisation and cost control – how a grazing management plan can improve grass growth and soil health, cut input costs, improve production and live-weight gain from forage.

This event is free to attend and includes lunch.
