## **FOREWORD**

This most genuine dispersal of the entire Herd on behalf of the Cookson family results from their decision to dissolve the current farming partnership and restructure the business.

The sale comprises 409 Cows and Heifers In-milk and In-calf, 78 In-calf Heifers and 51 Youngstock together with 2 Pedigree Hereford Stock Bulls.

The Cookson family have milked at Agden Brook Farm for over 70 years commencing when Frank & Rachel took the farm in 1950. Then they started with just 10 cows, Frank often took a sow and litter to Beeston to sell, to return with a cow. Since then the family have established an exceptional reputation in all of their farming practices not least with their milking herd with everything managed to the highest level. The integrity of the family and the regard for which others hold them is reflected in the support and loyalty of their staff. The family recognize a great deal of the success of the business is due to their commitment and long service.

Whilst rearing a number of their own youngstock the Cookson family struck up a lasting and successful relationship with the Sanders family on the Isle of Man. Frank, having purchased many heifers from them at the "Western Holstein Club Sales" attracted by the TB free status. Frank recognised he also needed new bloodlines for the future development of the cows. This relationship has lasted for over 15 years sourcing on average 80 heifers annually from this reputable herd. As past Gold Cup winners and a herd that boasts over 120 One Hundred tonne cows, the Sandisfarne Herd has made a massive contribution to the current herd which is evident in the exceptional type on offer, married with sound breeding. Latterly they have made a switch to the cross bred route to produce a more robust animal more suited to the conversion of milk from grass. These are a strong feature in the herd at Agden Brook today.

Married with tremendous type and consequently longevity we have great milk quality. For over 20 years Nick Johns of Nick Johns Nutrition has been involved with the diet of the herd. The cows have been fed a mixture of grass and maize

silage in the winter with fodder beet and a protein blend topped up in the parlour to yield. This has consistently produced exceptional milk solids, usually averaging over 4.50% butterfat and 3.50% protein at excellent yields. In the summer, the cows are grazed with a buffer of silage when required and concentrates in the parlour. These versatile cows are therefore ideally suited to both a winter TMR system and a summer grazing platform and will be a great addition to many herds.

Purchasers should also note that although essentially all year round calving there is a definite bias to spring milk. Over 100 will be newly calved on sale day which must surely make this sale even more attractive to potential purchasers with a further big group of heifers close to calving.

The herd is recorded with CIS with the March recording showing an average of

**8667kg    4.09%F    3.46%P    cc182**

**With the latest bulk sample showing an average of**

**4.43%F    3.53%P    cc182**

The herd is cubicle housed and milked via a rapid exit parlour with fortnightly vet visits being undertaken along with monthly foot pairing.

This is a truly fantastic herd of cows with everything to offer, good breeding, superb type, longevity and robustness together with sound herd health and an abundance of fresh milk. Attendance is an absolute must for all producers. Put the date Friday 24<sup>th</sup> March in the diary!

The Cookson Family would like to acknowledge the valued support they have received over the years and pay a special thanks to :

The On Farm Staff - Jim, Tom, Alistair, John, David and Shaun  
As well as

Audrey Williams, Nick Johns, David Hughes, Stephen Austin Hoofcare,  
John Ollier Refrigeration, Sandstone Vets, Chelford Farm Supplies,  
Jace Supplies, Genus Breeding, Millward & Keeling, Massey Bros Feeds Ltd  
and all other suppliers linked to the Dairy Herd

## **VETS NOTES**

An exceptionally genuine herd of robust dairy cows with good health status.

BVD tag and test monitored as well as bulk tank PCR monitored, last vaccinated with Bovela in March 2023.

IBR monitored and vaccinated, last vaccine in January 2023.

Leptospirosis monitored and vaccinated annually, last vaccine in March 2023  
Johnes disease monitored quarterly with individual milk sampling.

If any prospective buyers should have any further questions please do not hesitate to contact the office on 01606 241222.

Sandstone Vet Group would like to extend their thanks and very best wishes for a successful sale to Frank and the Cookson family

## **GENERAL NOTES**

### **Situation**

Agden Brook Farm has excellent national road access via the M6, M56 and A556 and lies only 2 ½ miles south of Lymm (adjoining the A56).

**From the M6 at junction 19 (just north of Knutsford Services) pick up the A556** signed for Altrincham and Manchester Airport. Continue approximately 5 miles down the new dual carriageway towards Altrincham and Manchester and exit the first junction for Altrincham and A56. At the main roundabout take the first exit onto the A56 signed for Lymm and Little Bollington and continue for approximately 3 ½ miles passing Little Bollington Primary School and the Church on the left and after a 1/3 mile Agden Brook Farm lies adjoining the main road on the left.

**From the centre of Lymm pick up the A56 signposted towards Altrincham** and after passing the Baptist Church on the right travel 1 ¼ miles to the Jolly Thresher Public House on the main crossroads. Continue on the A56 towards Altrincham and Agden Brook Farm lies ¾ mile on the right adjoining the main road.

‘To the Sale’ and ‘Car Park’ signs will be erected on the morning of the sale.

Please refer to the location map within the catalogue.

**Car Park** - As sign posted on the sale day.

**Post Code** – WA14 4TE

### **Method of Sale**

All animals will be sold in the pound and settlement of all accounts shall be made in full immediately at the close of sale. The herd will be sold under Farm Sale Rules a copy of which can be obtained from the Auctioneers.

### **Refreshments**

A caterer will be in attendance on the day.

### **Cheques/Payment**

Intending Purchasers not known to the Auctioneers must produce, prior to bidding, an acceptable Banker’s Reference. Under new regulations introduced by the Banks, such references are now obtainable by the Bank’s customers themselves and have to be obtained by them direct from their Bank. **Unless an acceptable Banker’s Reference is produced Payment is strictly Cash or electronic transfer.**

The Auctioneers reserve the right to refuse the bid of any potential unknown customer.
