FOREWORD

The Dispersal Sale at Danesmoor Farm arises as a result of all the cattle now being sold off the holding and the grassland having all been let. The machinery and tractor have been carefully maintained and there is a large range of cattle barriers and gates etc for genuine dispersal.

In addition to the main farming items there is a large array of NON-VAT collectables, memorabilia and kitchenalia the majority of which has been passed down from deceased family members and must be sold.

This is a diverse and interesting Saturday sale with potential lots for any small producer.

Perusal of the catalogue document will also reveal a special entry from a Derbyshire NON-VAT Registered Vendor which includes a Ford 4600 2WD Tractor with Bubble Cab and various implements and sundries.

Health & Safety at Work Act 1974

It is expressly brought to the bidders attention that at the time of sale, items of plant, machinery and equipment may not necessarily comply with the requirements of the Health & Safety at Work Act 1974, and its' associated regulations, governing the use of plant, machinery, and equipment at work.

Whilst Bagshaws take all reasonable steps to ensure the integrity of sale items, or make bidders aware of any known defects, anyone purchasing an item must ensure it is safe, and complies with all relevant regulatory requirements, before it is used in a work environment.
