New TB Rules starting 1st August

Please do not worry yourselves about the changes. Most people will not have to do anything different except to supply us with a little extra information.

The new rules will be in place next Monday and we need everyone selling cattle & calves to tell us their **Parish TB Testing Interval** by ticking the box on the entry form. Just to confuse things, this might be different from the actual TB testing interval on your particular holding.
It is easy to check this on-line using the TB Hub – Parish testing interval checker.

In simpler terms:

All Staffordshire is 6 months
All Cheshire is 6 months
All Nottinghamshire is 12 months
All Leicestershire is 12 months

Where there is most confusion is in Derbyshire which is split between 6 months and 12 months.

The Ministry have not been able to provide us with a map showing the border.

When you enter your store cattle in future, please supply your county and parish holding number and we can check for you and provide the information to buyers on the Early Warning List.

Whilst the new rules look complicated, they will only affect a few buyers from the 12-month edge areas. For everyone else there will be no change other than the need for us to display the information at the time of sale.

If you have any questions about all this just ring us at Bakewell and we will explain the changes and check your parish interval for you.
