FOREWORD

This interesting and diverse sale encompasses both farm machinery, tractor sundries and effects, together with shop equipment and butchery items.

The Billy's Hill shop has been closed and the farming enterprise has now been undertaken on a contract farming arrangement.

There is an excellent range of equipment for the agricultural purchaser, some of which has been little used and has been very carefully driven and well maintained.

The stars of the show are undoubtedly the Mounted Bale Wrapper, Telehandler and Valtra Tractor, together with the Two Wheel Drive Ford.

For the diversification purchaser, the shop equipment includes Bowl Mixers, Meat Slicers, Chilled Servery Unit etc together with Two Butchers Blocks on stands and catering kit.

Purchasers should attend and bid with confidence at this genuine dispersal with very good road access.

Health & Safety at Work Act 1974

It is expressly brought to the bidders attention that at the time of sale, items of plant, machinery and equipment may not necessarily comply with the requirements of the Health & Safety at Work Act 1974, and its' associated regulations, governing the use of plant, machinery, and equipment at work.
