## SPECIAL ENTRY FROM P F HULSE, OLD HYALL FARM, CONSALL

This is a most genuine entry of 10 fresh Cows and Heifers from Mick and Kay Hulse who are starting to disperse their herd. There is some real quality on offer with some exceptional udders and sound legs and feet. Entirely homebred they have pursued the Procross route for some years and the result is some very robust milky cows. The herd is cubicle housed and milked via a Herringbone parlour with management based on a semi-TMR basis of grass silage with concentrates fed in the parlour.

**Herd Average: 8859kg 4.11%F 3.38%P cc134**

**Bulk Sample: 4.37%F 3.39%P cc143**

Vaccinated IBR and BVD and BVD Tag and Tested. No evidence of Lepto, Johnes monitored, all cows in green.
