134 Barren, OTM and Feeding Cows overall average 175.5p/kg or £1184

(Auctioneer Oliver Hiles)

More on offer and trade up again with all of the better sorts over 200p and the biggest fleshed cows topping £1500. Cow meat is in short supply with all of the major wholesalers competing hard and therefore the best way to make the most of them is to market them at Bakewell. 22 cows today topped £2/kilo with an overage clean heifer at the top of the list at 269p from Ben Simpson with a blue cow from Katie at 256p (£2032). As ever, when the price of cattle goes up, the leaner types also lift in price with the further feeders pushing hard to buy cows to improve their saleability further down the line.
