“Great Support at Nuneaton Dispersal as Bagshaws Sell the Large Arable Farm and then Complete the Machinery Dispersal”-Mark Elliott

With support from Wales, Gloucestershire and all surrounding counties the Bagshaws team were out in force at Westfield Farm, Carlton, Nuneaton on behalf of the Executors of the Late Albert and Mary Brindley.

The Brindley family had been clients of Bagshaws for in excess of 55 years and having both passed away the productive arable farm had been sold by Bagshaws LLP which left an excellent range of kit for genuine dispersal.

Credit must be given to Mr Ted Cooper and his excellent team of supporters as the kit was in excellent order and had been carefully driven.
