# Bakewell Livestock Centre

Opened by HRH The Princess Royal in February 1999, the Agricultural Business Centre, Bakewell stands as a thriving hub at the heart of the Peak District livestock industry.

Purpose-built to handle large numbers of quality stock from the Peak District and surrounding areas, the centre offers modern, efficient facilities in a region renowned for its outstanding livestock. Weekly sales are held every Monday and Thursday, with additional Friday sales of store sheep during the Autumn season.

With a heritage of livestock trading in Bakewell spanning more than a century, the firm combines deep-rooted market expertise with a broad range of professional services, including land and property sales, valuations, compensation claims and comprehensive farm office support.

The Agricultural Business Centre is more than a market — it is a focal point for the farming community, hosting gatherings, meetings and industry events throughout the year.

Bakewell Market is widely recognised as one of the UK's leading modern livestock markets, boasting extensive indoor facilities for both cattle and sheep and a reputation for quality, efficiency and strong trade.
