FOREWORD

The genuine non-vat dispersal sale to be held at Broadlands Farm arises as a result of the late Jeff passing in December 2024.

The family have been on the holding for approximately 50 years with pigs and poultry in the early years and commercial beef production up until late 2023.

The Merlo Telehandler was purchased as an ex-demo unit and up until Mr Maynes passing was regularly serviced by the local engineers.

There are various classic tractors which have been used on the unit and several of the tedders etc have seen little work.

Fordson enthusiasts should note that there is a large range of Dexta spares from donor tractors and various of the Dexta's may make projects for the future.

A genuine non-vat sale with easy access to national road networks
