FOREWORD

This genuine Autumn dispersal sale on behalf of the White family sees an excellent range of equipment together with tractors, loading shovel and quad bike for auction sale.

The family have been on the holding since 1978 and retired from milk production some time ago with store cattle being reared on the farm up until May 2022.

Items have been carefully used and well maintained with the Browns Post Knocker, Mounted Einbock Tine Harrows and McCormick tractor all purchased new onto the holding together with the Quad Bike.

The Kubota 4WD mini tractor was purchased as a six month old unit.

Perusal of the catalogue will see that there are several items having undertaken very little work including the Blade Quad Bike and McCormick Cx105 Xtra 4WD tractor which having undertaken less than 2,650 hours from new was one of the last purchased from the old Burgess Machinery Dealers site in Leek.

In addition to the items from the farm there are several included items from local vendors and purchasers should attend and bid with confidence at this excellent sale.
