FOREWORD

This genuine dispersal sale on behalf of Richard and Philip Waller (trading as H Waller) arises as a result of the family retiring from active farming, with the family having been on the holding since 1939.

Many locals will know that there has been a successful arable and beef fattening enterprise on the holding for many decades and in recent years a large amount of winter produce has been produced for the equine trade and delivered off site.

Several of the Valta tractors have been owned from new and the New Holland Combine being owner driven since 2016, carefully used and maintained by APH.

There are a large number of lots in this genuine sale, to include non-VAT items and collectables and with the addition of a small number of included lots from local vendors. Purchasers should attend and bid with confidence at this genuine autumn event.

Online bidding is available from lot 501 onwards and the online bidding is not anticipated to commence prior to 1.00pm on sale day.
