FOREWORD

The dispersal sale at Lower Farm arises as a result of the decision by Jack and Sophie Lockhart to emigrate and this brings forward an excellent range of arable and grassland machinery together with excavators, telehandlers and John Deere tractors, some of which have seen little work

There are a wide range of galvanised cattle equipment for dispersal to include both Bateman and IAE products and the calf equipment includes 2 Lely Calm Automatic Calf Feeder units.

The family have for several years run a successful plant hire/civil engineering support business and perusal of the catalogue includes 2 excellent JCB 360º Excavators and a range of sundry drainage/building products.

Within the larger machinery - premium brands including Kuhn and Bailey are present with several of the John Deere tractors, newest JCB telehandler, largest JCB digger and Toyota vehicle all having been purchased new onto the holding. Several of the other large items have been bought as demonstration models from local dealerships.

In addition to all the livestock equipment together with machinery, tractors and handlers there is a range of non-VAT vintage implements and tractors, together with wheat straw which will be sold with loading provided by the vendor.

Potential purchasers should note that this is a hybrid sale and there will be online bidding available. The online items will not start prior to 1pm on sale day and prior inspection will be available on the day before the sale between 10am and 3pm

GENERAL NOTES

Situation

Lower Farm lies only 3½ miles from the M42 at Junction 9 and has excellent national road network access.

From the North and Lichfield: At Bassett's Pole roundabout, pick up the A446 for Middleton. Travel 2 miles past the Archers Depot on the left and after having passed the Belfry Golf complex main entrance, at the first roundabout turn North onto the A4091 signed for Tamworth. Travel approx. 1½ miles and turn right for Bodymoor Heath into Bodymoor Heath Lane (adjoining the Aston Villa training ground lights). Continue down the lane with Lower Farm being the first farm on the left.

From Junction 9 on the M42 pick up the A446 towards Lichfield and after ¾ mile, at the first roundabout, take the exit north for the A4091 towards Tamworth. Continue North and follow the road directions detailed above.

From the A4097 at Lea Marston pick up Coton Road for Kingsbury Water Park and travel past the water park and out over the M42 motorway. Continue over the steep canal bridge with Lower Farm lying first farm entrance on the right.
